

Enclo**PRIME**®

Value-Engineered Enclosures

Efficient Electrical Enclosures
for Practical Performance
SMART. SCALABLE. SENSIBLY BUILT.

INTRODUCTION

PURPOSE-BUILT FOR PRODUCTIVITY

The **EncloPRIME** series is our most efficient, budget-conscious range of enclosures — engineered from durable CRCA steel and surface-treated with **BONDERITE®** auto-deposition technology in our advanced dip-priming + powder coating plant.

Perfect for **OEMs, machine manufacturers, automation systems, control panels**, and applications where reliability must meet affordability.

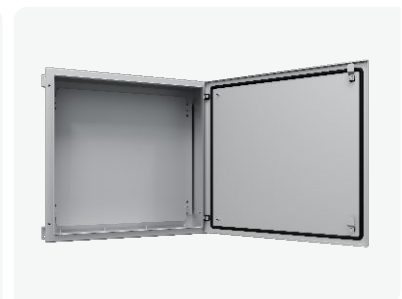

CERTIFICATIONS

- IP55 & IP66 Options
- Design as per IEC 62208 & Complies with 61439
- RoHS-Compliant
- ISO 9001:2015 Certified Manufacturing

PRODUCT HIGHLIGHTS

Welded Wall Mounting Boxes – IP66

- Fully welded body
- Bottom gland plate, inbuilt wall-mount bracket
- Single front access door
- Ideal for indoor machine control and instrumentation

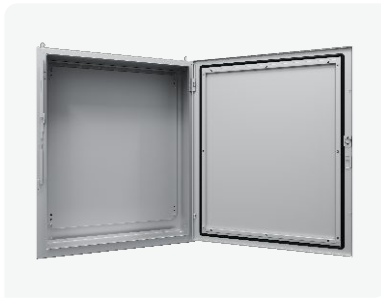

Riveted Wall Mounting Boxes – IP55

- Welded body with riveted top plate
- Great for construction sites and general automation
- Compact and economical

Floor Standing Enclosures – FS-X (IP55)

- Fully welded CRCA body
- Optimized for OEMs and control panel integrators
- Removable side panels, single/double door

Floor Standing Enclosures – FS-NX (IP55)

- Welded body with riveted top plate
- Designed for efficient panel assembly and wiring
- Single or double door based on width

RB-X Series – Extensible Floor Standing Enclosure (IP55)

- Bolted body with front-only access
- Modular panel system for scalable installation
- Heavy-duty gland plate

RSB Series – Front & Back Access Floor Standing Enclosure (IP55)

- Heavy-duty bolted design
- Dual-door access, filler tray support
- Perfect for drives, PLCs, and smart control gear

Standard Accessories

- Axial Fans
 - Cable Support Brackets
 - Grill Filters
 - Tube Light & Limit Switch Brackets
-

KEY FEATURES

- CRCA Mild Steel Construction
- IP66 / IP55 Protection
- Modular & Scalable Formats
- Powder-Coated in RAL 7035 (Custom Colors Available)
- Precision Cutouts & Custom Door Options
- Floor-Standing and Wall-Mount Options
- Designed for Automation, OEMs, Power Panels

WHY BARTAKKE?

Your Manufacturing Ally.

Bartakke Electrofab is trusted by OEMs and machine builders for delivering volume-ready enclosure solutions that fit budget and functionality.

- Certified ISO 9001:2015 Facility
- Wide Range of Sizes & Depths
- Bulk Production with Fast Turnarounds
- Design Support & 3D Models
- Value Engineering for Any Scale

Looking to scale smartly?

Let's build something practical—together.
